WHO'S AMANDA?

After 5 years of experience in the tech industry, I'm looking to transition from QA/Project Management into a full stack developer role. Focused mainly on Javascript, I enjoy working on projects using the MERN stack.

SKILLS

- Javascript (ES6+)
- HTML
- CSS
- Python
- React
- Redux
- Node
- Express
- SQL
- MongoDB

PROJECTS

WORKOUT TRACKER WEBAPP

REACT, REDUX, NODE, EXPRESS, MONGODB

- **Backend:** Express REST API with CRUD endpoints
- **Frontend:** SPA using React, React Router, and Redux
- **Fun Features:**
 - User authentication with JSON Web Tokens
 - D3 data visualizations

DOG FINDER WEBAPP

REACT

- **Frontend:** SPA using React and Semantic UI
- **Fun Features:**
 - Backend data comes custom script that scrapes info off the AKC breed profiles and saves to JSON file

GUDREADS WEBAPP

DJANGO, POSTGRESQL

- **Fun Features:**
 - Queries Goodreads API to populate book autocomplete

RECENT EXPERIENCE

SENIOR PROJECT MANAGER

INDEED.COM | OCT 2018 - FEB 2020

- Developed a [Python + Flask webapp](#) for all Project Managers to use for weekly project status report emails

QUALITY ASSURANCE ENGINEER 2

INDEED.COM | FEB 2015 - OCT 2018

- Tested full stack applications, developed automation, acted as Release Manager, and was involved in product and technical discussions for all features

EDUCATION

BACHELOR OF ARTS, ADVERTISING & PUBLIC RELATIONS

UNIVERSITY OF CENTRAL FLORIDA | 2005 - 2009
